We Love Exams!

After studying hard for about...2 weeks...we had finally taken the exams, prayed to them and cried because of them. To those who had passed; congratulation, you had survived, to those who failed; good luck in the future, there are bumpy roads after all.

Welcome to Semester 2

We Studied!

The following pictures are evidence of Grade 11 reviewing for their exams. They are proof that we have studied hard, studied smart and did our best during the examination period.

Notice: Possible Field Trip

As most of the students had heard, an overnight field trip is being organized by the Student Council and the school. The location for this year's field trip is likely to be Kanchanburi, and we may be visiting the River Kwai and more tourist destinations. We assure that there will be field trip this year
